### Activation and Account Details:

- It will take 1-2 weeks for your Sherwin-Williams paint account to be set up. If you need faster turnaround time – contact us at: [info@thinkrealty.com](mailto:info@thinkrealty.com)
- Watch for an email from Think Realty during the next 2 weeks containing your new Sherwin-Williams paint account number or confirmation that your existing account has been linked with Think Realty for the discounts.
- To maximize your savings – before heading to the checkout counter, ask a Sherwin-Williams paint store associate to pull up your customer account. The store associate can help you find the products you'll save the most on with Think Realty's national account program discounts.
- If you usually purchase from one Sherwin-Williams paint store location, you'll only need to provide your account number once, so they can add you to their system. On future visits they can look you up by name. If you shop at multiple Sherwin-Williams paint stores, keep your Sherwin-Williams account number handy as you'll need to present your account number at each store.
